Client _____ Patient _____ Date _____

Owner's number(s) the day of surgery: 1) _____ 2) _____

HOW TO PREPARE YOUR PET

- **Night before Surgery:** No food after 6 pm the night before surgery, water is fine.
- **Morning of Surgery:** No food, water is fine. Bring this form. Please walk pet at home to urinate/defecate before check-in between 8:30-9:30am.
- **Discharge:** You will receive a call post-surgery, as discharge times may vary between 3-5pm.

PLEASE READ CAREFULLY

Your pet is scheduled for anesthesia/surgery. We recommend a blood profile to ensure that your pet is in a low risk category prior to anesthesia. The latest technology has enabled us to run safe and accurate blood chemistries minutes before anesthetic induction. These tests are similar to those your own physician would run were you to undergo anesthesia. ***24 hour advanced notice of cancellation is required*** If your pet has not been seen here within 3 months, there will be an additional \$35 exam fee.

PLEASE AUTHORIZE BY INITIALING BELOW (required)
